### **Opening the Meeting**

*(When the time set for the opening of the meeting arrives, the president after quietly arranging for any necessary officer substitutions, rises, raps for attention, secures order, and proceeds as indicated below. The other officers rise as called upon by the vice-president, and remain standing until seated by the president. )*

**PRESIDENT:** The meeting room will come to order. We are now holding a meeting of the \_\_\_\_\_ FFA Chapter.

Mister/Madame Vice President, are all officers at their stations?

**VICE-PRESIDENT:** I shall call the roll of officers, determine if they are at their stations and report back to you Mister/Madame President.

**VICE-PRESIDENT:** The Sentinel?

**SENTINEL:** Stationed by the door.

**VICE-PRESIDENT:** Your duties there?

**SENTINEL:** Through this door pass many friends of the FFA. It is my duty to see that the door is open to our friends at all times and that they are welcome. I care for the meeting room and paraphernalia. I strive to keep the room comfortable and assist the president in maintaining order.

**VICE-PRESIDENT:** The Reporter.

**REPORTER:** The reporter is stationed by the flag.

**VICE-PRESIDENT:** Why by the flag?

**REPORTER:** As the flag covers the United States of America, so I strive to inform the people in order that every man, woman and child may know that the FFA is a national organization that reaches from the state of Alaska to Puerto Rico and from the state of Maine to Hawaii.

**VICE-PRESIDENT:** The treasurer.

**TREASURER:** Stationed at the emblem of Washington.

**VICE-PRESIDENT:** Your duties there?

**TREASURER:** I keep a record of receipts and disbursements just as Washington kept his farm accounts-carefully and accurately. I encourage thrift among the members and strive to build up our financial standings through savings and investments. George Washington was better able to serve his country because he was financially independent.

reproduction to transform both individual bodies and the body politic Across the political spectrum people insisted that regulating reproduction was necessary and that limiting the population was essential to economic development This book investigates the often devastating implications of this logic which demonized some women s reproduction as the cause of national and planetary catastrophe To tell this story Sreenivas explores debates about marriage family and contraception She also demonstrates how concerns about reproduction surfaced within a range of political questions about poverty and crises of subsistence migration and claims of national sovereignty normative heterosexuality and drives for economic development Locating India at the center of transnational historical change this book suggests that Indian developments produced the very grounds over which reproduction was called into question in the modern world The open access edition of Reproductive Politics and the Making of Modern India is freely available thanks to the TOME initiative and the generous support of The Ohio State University Libraries

Though his work was little known outside Italian intellectual circles for most of the twentieth century anthropologist and historian of religions Ernesto de Martino is now recognized as one of the most original thinkers in the field This book is testament to de Martino s innovation and engagement with Hegelian historicism and phenomenology a work of ethnographic theory way ahead of its time This new translation of *Sud e Magia* his 1959 study of ceremonial magic and witchcraft in southern Italy shows how De Martino is not interested in the question of whether magic is rational or irrational but rather in why it came to be perceived as a problem of knowledge in the first place Setting his exploration within his wider pathbreaking theorization of ritual as well as in the context of his politically sensitive analysis of the global south s historical encounters with Western science he presents the development of magic and ritual in Enlightenment Naples as a paradigmatic example of the complex dynamics between dominant and subaltern cultures Far ahead of its time *Magic* is still relevant as anthropologists continue to wrestle with modernity s relationship with magical thinking
