you or if you feel like you just can't seem to make things work in your relationship then you've come to the right place. But first, a warning: Before we go further, let me make something abundantly clear. This workbook does not contain a magic wand that will bring you instant answers without having to do any work. What I'm about to share with you takes both time and effort and has worked wonders for me and my private clients. And I believe it can help you, too. The exact process I'll be sharing with you has taken several of my clients from a state of frustration and feeling stuck to crystal clarity as to what they should do. So with that said, let me tell you: Let's get real. ADHD is intense; it can wreck relationships, and if you're like most people, you probably have little or no experience on how to make your relationship work with ADHD because living with ADHD is unlike anything you've probably ever experienced before. Look, there's a lot of books and materials out there about relationships, and frankly, there's no shortage of advice on radio, television, and internet, but come on, let's be honest: most of that advice is watered down and recycled thinking that, frankly, just doesn't have any application to couples with ADHD. I'm sure you've heard the comments like, "oh honey, I'm sorry I just forgot" or "what's the big deal" or "why are you so upset." Sometimes it can seem like it's just easier to do everything yourself than to live so much chaos, but you don't have to live this way forever. Many couples tried traditional therapy, pastoral counseling, coaching, but still, no improvement. The fact is, these couples are miserable because they are using the wrong principles in their relationship. People with ADHD really do think and feel very differently from their non-ADHD counterparts. The sooner you accept that fact, the quicker you'll be on the road to getting real results in your relationship. Here's a fraction of what you're getting: *How the Non-ADHD Partner Handles the Relationship*, *Adult ADHD Relationships*, *Effective Communication Strategies*, *Co-occurring conditions with ADHD*, *How to Communicate with a Person with ADHD*, *Curbing Impulsivity and Money Issues*, *Managing Emotions*, *The Power of Encouragement and ADHD*, *Making ADHD your superpower*, *The Role of Unconscious Shame in ADHD*, *Symptoms*, *Questions and Answers*, *What's Holding You Back*, *I'm afraid of really hearing the truth*. My book is designed with YOU in mind, and all of the information is delivered to you in a loving, gentle manner. You will never be put down by me; you will feel confident and supported. I'm not ready to do anything just yet; I'll get it when I'm ready to take action. This book doesn't force you to do anything you're not ready to do. You have all the time in the world to complete it, and you do it on your terms and at your speed.
